PROFILE

Product designer with seven years of experience shipping B2B software. I work best close to engineering, turning messy workflows into calm, fast interfaces, and I care about design systems that teams actually use.

EXPERIENCE

Lead Product Designer, Fernway — 2022 – Present

- Led the redesign of the scheduling product, cutting the steps to book a shift from nine to four.
- Built and maintain the Fernway design system, used by four product teams.
- Mentor two product designers and run the weekly design critique.

Product Designer, Quillstone — 2019 – 2022

- Owned onboarding and billing flows for a 40-person SaaS team.
- Made usability testing a fortnightly habit across product and support.

Junior Designer, Arbor & Finch Studio — 2017 – 2019

- Websites and brand systems for cultural and non-profit clients.

EDUCATION

BA Graphic Design, Sava Academy of Arts — 2017
