ABOUT

Designer focused on complex, regulated products. Six years making clinical and banking software clear enough to use under pressure.

EXPERIENCE

Product Designer, Tidewell Health — 2021 – now

- Designed the clinician dashboard for appointment and referral tracking.
- Ran accessibility audits and fixed 120+ issues with engineering.
- Introduced design tokens shared between web and iOS.

UX Designer, Northmere Bank — 2018 – 2021

- Redesigned business account onboarding end to end.
- Wrote the bank's first interaction guidelines.

EDUCATION

MSc Human–Computer Interaction, Elbe Institute of Design — 2018
